

Weekly Citizen

The Barr Case.

Some one appears to have acted hastily in charging C. L. Barr, late local agent of the Continental oil Company, with oil bootlegging. The requisition proceedings have been stopped. C. L. Barr also graphs from Denver, a friend in this city, "our secretary has just wired Wilson for explanation, and he has no such charges denied at this time."

QUIT IT.

With all due respect to the cyclers of Albuquerque, the denizens of the High-lads, and others whose business leads them in that direction, most decidedly object to the riders of the "stealthy steed," as they are called, as being the east. Railroad avenue salutation, at least when the riders are making the western journey. There should be an ordinance respecting the occupation of sidewalks by horsemen.

BIG DRUGS.

The telegram from Gallup yesterday implied that a sweeping dismissal of foreigners had been made at the mines. While the Crescent Cyclops company are getting rid of an element among the foreign class, all will not go. As fast as men can be secured, those least desirable now on the pay roll will be discharged. At the Cedarwood mine the workmen are mainly of Scotch extraction and no changes are contemplated.

EXCELLENT FERTILIZER.

Some day the vast gypsum deposits bordering this valley will be a source of wealth. In California the mineral is being used extensively to reclaim and fertilize alkali land. To reclaim such land the ground is covered with gypsum, then cultivated and again covered with gypsum. The soil of the Pecos valley all contains a proportion of gypsum which, in a measure, accounts for the wonderful fertility and freedom from alkali. Eddy Angus.

Democrats Want Statehood.

Statehood New Mexico wants and deserves it most surely. The resources of this territory are more than sufficient to admit it to the union as a state and why not? It has been kept out in the past by the republicans because it has always given a large democratic majority. Now that the democrats have full charge will they admit us or will they not? Loyal democrats show your true colors and admit New Mexico to statehood and add more force to your ranks. Eddy Current.

Died at the Asylum.

J. D. Chouther, of Taos, died in the insane asylum at Las Vegas last Saturday morning. Deceased was a native of Canada and a pioneer merchant of Taos, well and favorably known all over the territory. For eight years he had suffered from paralysis of the optic nerve, which resulted in blindness, and finally effected his mind. Deceased was 57 years of age and leaves a family of five children, all of whom are grown, and one of whom is Mrs. J. D. Sosa, Jr., of Santa Fe. The remains will be conveyed to Taos for interment.

Old Town Notes.

At the turkey shooting yesterday at Geronim's W. E. Martin got one turkey, Prof. Wendell two and a third party took the fourth one killed. Talk of another shot Sunday.

Joe Strachan and Jas. Lang returned last night from a hunt at Los Lunas.

Postmaster Denby's new house is being pushed toward completion.

According to Pat Gleason the town has reformed.

Mrs. W. A. Walker is expected home early in November.

The five-cent meat market on the avenue is in its second month of existence.

Lawyer Ferguson's home on the avenue is still one of the attractive spots to travelers on the railway line.

Charley Sabrina opened a blacksmith shop on the avenue two weeks ago. It is reported to be the best in town.

Franz Hinung's flour mill is running the usual times—body.

Castle Haining is more clearly defined since the "leaves began to fall." The grounds continue to afford passes by a subject for pleasant remarks.

At the Commercial Club.

Left their autographs at the Commercial Club Saturday, Sunday and this morning. J. J. Seymour, of Fresno, A. Grand doing the honors. E. R. Pierce, of Boston, was introduced by Louis Baer. On Saturday, Sister Fidelis of Albuquerque, and Sister Victoria, of Santa Fe, were shown through the building by W. S. Burke. John Birrellsdale gave a few hours to J. R. Chandler, a stranger, and Col. Hemmersheets did all that was possible to entertain two gentlemen from France, who are on a traveling tour.

These are the former and the latter registered Lyons. They will call again today.

Should be Arrested.

The Popular Demand.
Who? What should be arrested? All excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, nervous prostration, etc. They should be arrested, or stopped, before they develop into a condition that can not result safely. For this purpose no remedy save Dr. Miles' Restorative Nervine, the discovery of the renowned specialist, whose remedies are the wonder of the civilized world. Nervine is sold by T. H. Burgess & Son on a positive guarantee.

Gutting Cleanings.

There is talk of organizing a brass band.

Belkali, Degree Hall on Wednesday evening at Hart's hall.

Saturday and Sunday were lively days, owing to the issuance of pay checks by the mining companies.

Bishop Kendrick held holy communion in the morning of Sunday, and a large attendance was present in the evening. The work on a new church edifice is expected to commence in a short time.

Special services will be held next Sunday at the Episcopal church, when the badge of the K. of P. will attend. The service will be of a musical character largely, and Rev. Mr. Osborn will deliver a sermon on "Friendship, Charity and Beneficence."

Troops on the San Juan will return to Fort Wingate this week.

Rev. Mr. Osborn will make a trip to western points next week.

Fitted for Record.

Albuquerque Real Estate and Investment company to Horace Wright, warranty to lot 7, block B, Mandell Bros. addition, \$450.

Same to Elizabeth M. Kirkland, warranty to lot 18, block B, Mandell Bros. addition, \$350.

Marriage certificate of W. R. Jones to Agnes C. Nugent.

S. M. Elson to J. W. Ball and wife, release to lots 108 and 109, block 9, P. Armito & Bro's addition.

S. M. Elson to Annie E. Phelan and husband, release to lots 17 and 18, block 39, N. M. T. Co.

Rebecca A. Hurd and husband to H. E. Inday, manager, warranty to lot 14, block 24, Hinung's Highland addition, \$200.

Paul D. Stone and wife to Mary L. Field, bargain and sale deed to N. E. quarter of N. E. quarter of section 19, township 10, N. R. 4 E., 80 acres, \$500.

Out of a Job.

On Sunday morning at a late hour the Harvey eating house was invaded by a number of men, who came in on a box car from the north, principally Colorado.

points. They numbered fifty-two, and were provided for on their demand for something to eat. Supper and breakfast was given the men, through the agency of Marshal Dodd, who, with his assistants, kept a lookout that the men did not misbehave, as some were rather tough looking. Dry bread and black coffee was the diet, and of this an increased number, to the extent of eighty, partook greedily. At 8 o'clock this morning Marshal Dodd and his men saw the small army went their way out of the city on "holy trottors," and heading for the junction where they no doubt boarded the west bound trains. The police are of the opinion that most of the eighty individuals were working men willing to work, and these claim no right to the title of "strangers," as such are commonly understood to be.

JUDGE COLLIER.

Comments of the Georgia Press on His Appointment.
The appointment of N. C. Collier to the position of judge of this district, is favorably commented on by the leading Georgia papers, where Mr. Collier formerly resided. The following are samples:

Nicholas C. Collier, whose nomination as associate justice of the supreme court of New Mexico was sent to the senate yesterday, is a former Savannahite.

Mr. Collier was a member of the firm of Charlton & Mackall, then Collier, Charlton & Mackall. He left Savannah about seven years ago and went to Albuquerque, New Mexico, where he at once established a large practice.

Mr. Collier was a close student and a thoroughly road lawyer. He was one of the best posted of the young lawyers here when he left for the west. His election to the bench of the territorial supreme court is a recognition of his knowledge of the law and his ability as a lawyer. Mr. Collier was at Savannah a few years ago, and spent some time here before returning to New Mexico. His friends in Savannah congratulate him upon his appointment. They are four justices of the supreme court of New Mexico.

Shipping Stores.
Wm. B. Slaughter, manager of the American Valley Cattle company, will commence loading one hundred cars of cattle at Magdalena, N. M., on December 1. These cattle will go to Marfa, Wyo. territory.

A. Denby, of Chicago, will load in the next few days twenty cars of cattle which he purchased from Wm. G. Farland of Serrano county. These cattle will be shipped to Gordon, Nebraska. Mr. Denby will also ship from Serrano a train load of 400 head of cattle which he purchased of Capt. W. French. Their destination is South Omaha.

W. W. Cox, of Cook's Peak, Grant county, N. M., is shipping 7,000 head of sheep to Kansas City. Mr. Cox is going out of the sheep business, having purchased the Davies & Lyons ranch at San Augustin, twenty-five miles north of Las Cruces. He has also purchased the herd of cattle belonging to G. H. Wilder, east of Las Cruces.

Eddy Angus, of Las Vegas, will make a shipment of four double decked cars of sheep to Kansas City in a few days.

F. E. Dutton of Las Vegas, shipped to Helen Dutton at Kanakaka, Fla., yesterday a car load of fifty-eight burros. This is the second shipment of burros made by the same gentleman.

Col. P. Mothersill has a train load of cattle rounded up for shipment from Eagle in a few days.

J. D. Langford shipped on the 25th just a train of cattle from Eagle to Pueblo, Colo.

S. Scott of Parsons, Kansas, has just closed a deal with H. W. S. Heppe, of the Los Animas Land and Cattle Company, for a big string of steers to go to Kansas as feeders.

There has recently been shipped into Grant county, N. M., in violation of the sanitary laws of the territory, a lot of cattle from Texas. The law prohibits the introduction of cattle into New Mexico from Texas between March 1st and November 25th in each year, excepting when they pass through the territory in transit on the cars. The Santa Fe road did not haul those cattle into the territory.

The law against the introduction of cattle into New Mexico from Texas is a good one, and it is to be hoped that the law will be strictly enforced.

George Haworth came pretty near pulling the teeth off the G. A. R. battalions near being captured with a number others who were put into military by the military of that country. He drifted to the gold excitement of California and spent a great many years mining, meeting with varied success. At one time he had a large company and lost it in a speculation. He moved to Arizona and Colorado and finally landed here where he has been engaged in mining and without much success. Haworth was a very quiet and sober man and gentlemanly in his bearing and intercourse with others.

Haworth, the state of New York upon his starting out where he had a sister and other relatives living also a sister and a child somewhere in California. Haworth was followed to the grave by his wife and son, who were married in 1870 and died in 1872.

By the time of his death he had been engaged in mining and with little success.

When it is taken into consideration that the appliances for putting out fire were a small hand pump and fifty feet of inch hose, the water had to be taken from the trees, our citizens certainly deserve great credit for the fight they made against the spreading of the fire to the adjoining buildings.

The fire apparatus recommended by the fire committee should be colored at once. Had the means for fighting fire been at hand, it is probable that the fire could have been put out when discovered.
